

22nd July 2020

Dear All,

With immediate effect, all club activities will cease for the foreseeable future due to the risks to our members from the Coronavirus outbreak.

This includes the monthly lunches at the Sonning Golf Club, as well as all mid-month coffee mornings, visits and walks.

The AGM is postponed until such times as our lunch meetings reconvene; Mike Capers and Mike Butler are standing down immediately for personal reasons as previously advised.

Nigel Poole has been co-opted onto the Committee as Vice Chairman as has Nick Bell who is co-opted into the Lunch Secretary post until all Committee positions can be ratified by the membership when the AGM eventually takes place.

These measures bring us into line with the isolation proposals for our age group as outlined by the Government. As the situation surrounding the spread of this virus is constantly changing, you will receive a regular bulletin by email containing the latest information from the Committee.

Please keep safe and healthy and I look forward to the day "that normal service is resumed"

Best regards
Gordon Murray-Smith
Chairman
